DETAILED ACTION

Allowable Subject Matter

Claims 12-17 are allowed.

1. The following is an examiner's statement of reasons for allowance:

Prior art taken alone or in combination failed to teach or suggest the limitations of:

obtaining title to said intellectual property:

i) in exchange, paying the initial ownership, from a general trust account, an amount not more than the accessed value of said intellectual property,

ii) obtaining funding for said general trust account from a plurality of initial

investor accounts,

granting a license to said initial ownership to use said in at least one other intellectual property in exchange for at least one payment from said initial ownership,

granting a license to said initial ownership to use said in at least one other intellectual property in exchange for at least one payment from said initial ownership,
and

obtaining title to said at least one other intellectual property in exchange for paying not more than the assessed value of said at least one other intellectual property to said initial ownership, and obtaining said payment to the initial ownership from a general trust account, as recited in independent claim 12.

Prior art:

US 5,126,936 (Champion et al.) discloses a data processing system for managing a goal directed investment account, designed for individual and small institutional investors. More particularly, the present invention relates to a programmed controlled financial asset management system for implementing investor participation in capital markets through long and short positions in indexed investment vehicles.

US 6,018,714 (Risen, Jr. et al.) discloses a method of spreading the financial risks associated with the purchase, ownership and use of intellectual property, providing an insurance product which protects the value of intellectual property assets, insuring the validity of patents, trademarks, copyrights and other intellectual property, insurance for patents and other intellectual property in the context of acquisitions and mergers, providing protection against an unexpected change in value of an intellectual property asset, and providing compensation for an unexpected change in value of said at least one intellectual property asset.

US 5,884,285 (Atkins) discloses a method and apparatus for effecting an improved personal financial management program incorporating means of implementing, coordinating, supervising, analyzing and reporting upon investments in an array of assets and credit facilities.

NPL

Kieso et al "Intermediate Accounting", John Wiley & Sons, Inc., eighth edition 1995, pages 571-619; ISBN 0-471-59759-7, discloses valuation and purchasing of intangible assets, and a method or an algorithm for assessing a value of an intellectual property.

FindLaw for Legal Professionals "US Fed Circuit Court of Appeals - Rhone-Poulence v Dekalb Genetics", dated March 26, 2002, discloses the court case about non-exclusive licensees and acquiring the sublicense from licensee.

Each of the prior art taken alone or in combination failed to teach or suggest the above features recited in independent claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 12-17 are allowed.
